

St. John's Senior School

Subject: Mathematics

Form: 2^d

Term: Autumn 2019

WEEK	WEEK BEGINNING	TOPIC
1	2 nd September	Nth term of sequence-Ratio
2	9 th September	Rules of indices-Basic algebra
3	16 th September	Solving linear equations-changing the subject
4	23 rd September	Working with fractions
5	30 th September	Area and perimeter of sector
6	7 th October	MINI TEST WEEK (1st- 6th)
7	14 th October	Pythagoras-Areas of basic shapes
HALF - TERM		
8	28 th October	Simultaneous equations
9	4 th November	Angle properties
10	11 th November	Angle properties
11	18 th November	Revision
12	25 th November	Exam week
13	2 nd December	Volumes of 3d shapes
14	9 th December	Volumes-Total Surface Area

St. John's Senior School

Subject: Mathematics

Form: 2^d
Term: Spring 2020

WEEK	WEEK BEGINNING	TOPIC
1	6 th January	Fractions-percentages-decimals
2	13 th January	Fractions-percentages-decimals
3	20 th January	Percentages-Volumes
4	27 th January	MINI TEST WEEK (1st- 4th)
5	3 rd February	Direct proportions
6	10 th February	Direct proportions
HALF - TERM		
7	24 th February	Inverse proportion
8	2 nd March	Straight line graphs
9	9 th March	Straight line graphs
10	16 th March	Straight line graphs
11	23 rd March	Polygons

St. John's Senior School

Subject: Mathematics

Form: 2^d

Term: Summer 2020

WEEK	WEEK BEGINNING	TOPIC
1	20 th April	Straight lines
2	27 th April	Statistics: Measures of average and spread
3	4 th May	Statistics: Measures of average and spread
4	11 th May	Circles-sectors-segments
5	18 th May	Optional trip abroad
HALF - TERM		
6	1 st June	Revision
7	8 th June	END OF YEAR EXAMS (1st- Lower 6th)
8	15 th June	Basic Trigonometry
9	22 nd June	Basic Trigonometry
10	29 th June	Inequalities
11	6 th July	Inequalities-standard forms
