Dear Parents,

8<sup>th</sup> December 2023.

## GCSE and 'A' Level results 2023

We are pleased to publish our GCSE and A Level results 2023.

Enclosed are the official grades that our pupils were awarded by the examination boards AQA and Edexcel this year.

Amongst other data you will find the following:

Page 4: **St. John's GCSE results compared to other schools** in our area.

Page 5 - 6 : **GCSE Results** in Numbers (9-1)

Page 7 - 8 : **GCSE Results** converted into **traditional alphabetical grades**

Page 9 : **The Telegraph Best UK private schools** by 'A'-Level results 2023

Page 10 - 12: St. John's Senior School **'A' Level Results**

Page 13 - 17: **'A' Level Student Destinations 2023**

Page 18: The Times Top 10 UK University List

Page 26 - 28: **Lamda Results** Prep and Senior School 2023

We are extremely proud of this year's 'A' Level and GCSE results in a year in which grades have fallen back to 2019 levels. Most pleasing, however, were the **university destinations** of our 'A' Level students, which in our opinion is the best measure of a school, and our ranking in the Telegraph's Top 100 Best Private Schools by 'A' Level results. 2023 was a successful year, which we can look back upon proudly.

We hope that on reading through our Results' Booklet, you will feel assured that even in times where the DfE decided to clamp down on the highest grades by reducing top grades, the school motto: Res Ipsa Loquitur – "The Thing Speaks for Itself" remains true.

We will be posting our results booklet onto our website and as we receive further data, we will make the necessary additions, which can be viewed by parents at any time. One such example is our **ALPS score**, which we hope to receive over the Christmas break. This gives a subject by subject comparison of our pupils' grades compared with all other schools in England.

Yours faithfully,

A. Tardios

In 2008 the Department of Education introduced a requirement that the minimum five G.C.S.E.s should include English and Mathematics and that this information should be shown in the statistics. This is shown in the table below up to 2022. It appears that all available data published from 2023 onwards focuses on how many pupils achieved a grade 5 or higher in both English & Maths. Our 2023 data reflects this change.

**Cand. 41** Did not reach the minimum standard required for grade

Although there are 41 Candidates listed, certain students listed above are not Year 13 Students but rather Year 12 students, who sat one or two full A2 A Levels **a year early!** This mostly took place in Mathematics. To select just a few as examples are:

- **Cand. 10** Nicholas K - **A\* Grade in Maths**      **Cand. 12** Joshua K – **A\* grade in Maths**
- **Cand. 9** Enze G – **A\* Grade in Maths**      **Cand. 17** Lu P – **A\* Grade in Maths**
- **Cand. 14** Anyan Q – **A grade in Maths**      **Cand. 28** Atrin A – **B grade** in Foreign Language **two years early**

Special mention must go to a young lady **Cand. 4 Danning** who completed her A Level course with **5 ‘A’ Levels** all with **A grades – 4 A grades** and **1 A star**. Each of these were full A Levels not AS qualifications.

A nice story: **Candidate 8**. Christopher is the youngest of three siblings all of whom attended St. John’s from the age of 4 years old. His older siblings finished St. John’s and moved onto Imperial College London and Kings College London. Christopher is the last to leave us and although we are sad to say goodbye to this family, we are very pleased to say that Christopher joined University College London UCL completing a very impressive collection of universities for this family.
